Name(s) of authors

The ICES Secretariat will take care of all formatting, but authors are asked to observe the following when submitting material:

- 1) Use ordinary capital and lower-case letters throughout (no units set off with all capitals, italics, boldface, or underlining);
- 2) Limit the body of the text to one paragraph of 250 words or less. The abstract should be able to stand on its own and accordingly should not carry footnotes, references to the literature, or unusual abbreviations. In the byline, authors may choose to use their given names (Björn) or initials (O., D. L.) but should use the same version in the bylines of all other work they present.
